

Video Editing

for Beginners

A Division of GIL Consultancy Pte Ltd
Building Foundations for Excellence

This 1-day fun filled hands-on practical based course is a must for anyone who has little to zero knowledge in making your own video. Be it for work or personal enjoyment, this course is suitable for anyone who wants to turn ordinary photos or home shot movies into an entertaining movie.

This course will teach you the correct, quick and easy way to make your movie. It will equip you with the know how to identify, arrange and put together your photos and movies equipped with music and effects that will impress your audience at work or at home.

With the right approach and techniques you don't need to be a pro to produce your movie!

Course will be based on Microsoft's Windows Movie Maker Environment
